

A vibrant green field of white flowers with a bright sunburst effect in the background.

*The best care
Australia's Nature
can provide.*

A scenic landscape featuring a paved path that curves through a lush green field. The path is bordered by tall grass and wildflowers. In the background, there are rolling hills and a line of trees under a bright blue sky with scattered white clouds. A semi-transparent grey box is overlaid on the center of the image, containing white text.

*At ECHO,
our aim is to help
you achieve this
dream...a longer
and healthier life.*

There is absolutely no question that everyone wants a healthier body. That is simply because there are certain tasks and activities that we are required to fulfil each and every day of our lives. At most times, we are required to perform above and beyond. And it is during these times that our body is being tested to its limits and often we are faced with the realisation that our body is not as healthy as we would like to be.

This momentary affliction can happen in any arena of life. From having to put extra effort just to get up in the morning or the extra stamina to run another mile on the treadmill to playing another ten minutes of football with your children at the park or picking the kids up from school and then taking each one to a different extra-curricular activity; we all wished we had that something 'extra' in our body to accomplish these 'extra' tasks.

ECHO is one of Australia's leading and largest suppliers of dietary and nutritional health supplements that will greatly assist in replenishing your body with the required nutrients so that you may actively pursue and include extra activities in your daily lives.

ECHO also has an extensive range of KIDS 'yummy-to-consume' supplements for the growing body. These days our children are exposed to many artificial enhancements and preservatives in foods so we need to provide their little bodies a boost of natural supplements to counteract, breakdown and replenish any vitamins and minerals that is vital for improving their immune system and general well being.

**ECHO PHARMACEUTICAL
AUSTRALIA GROUP**

ECHO's comprehensive 'Naro' range has become a leader in natural healthcare solutions with superior results and efficiency.

All products in the Naro range are made in Australia using the finest raw materials. Every formula and recipe is laboratory tested under the strictest conditions and is guaranteed to provide the consumer complete satisfaction with all of our products.

The Naro range extensively covers many areas at improving your lifestyle. Depending on which aspect of your health or wellbeing you wish to improve, you can choose from the following supplement range:

- Natural Supplements
- Osteoarthritis
- Heart and Circulation
- Kids Health
- Liver Protection
- Squalene
- Anti-Inflammation
- Daily Supplements
- Anti-Oxidant
- DHA for Kids
- Propolis
- SkinCare

The Naro range is widely accepted and praised across the world including countries such as Japan and Taiwan. ECHO will continue to invest in proprietary research to develop new and proven natural healthcare solutions and to expand its already impressive range of dietary and nutritional supplements so that everyone can enjoy a healthier lifestyle.

being
australian

All of our products comprises the highest quality of natural raw materials and follows the Australian regulations strictly to provide consumers with safe, high quality, efficient products. These health products are produced and manufactured under the regulations of the Therapeutic Goods Administration (TGA) and therefore our practices are in full compliance of the Good Manufacturing Practice (GMP) which covers the manufacturing and testing of active pharmaceutical ingredients, diagnostics and pharmaceutical products. ECHO assures that we follow this practice strictly from the gathering of raw materials to the production process. We do this to give our customers the best quality assurance from our health products. This is all done in order to guarantee you, the consumer a better quality healthy life for you and your family.
